IS THERE ANYTHING ELSE YOU WOULD LIKE US TO KNOW?

Please read the following carefully and sign below

Adoption fee is £400 this is not payment for the dog but put towards the cost of passport, vaccinations, and transportation to the UK. This is non-refundable and is payable on the day of the adoption.

The need for insurance is essential as the rescue will not be held responsible for vet's bills.

If the potential owners want a dog to live outside, it can only be a dog that is already used to living outside.

We may not place in a family home where they will be left for longer than 4 hours a day at any one time. There may be exceptions to this depending upon the needs of the dog

We don't generally re-home in upstairs flats or where there is a communal garden or no secure area to ensure the dog's safety. There may be exceptions to this depending on the needs of the dog

The new owner must agree to have the dog either neutered or spayed

New owners must also agree that we can keep in touch for the rest of the dog's life. A follow up visit will be arranged after the adoption.

We follow recommended guidelines regarding rehoming adult dogs with children

Our dogs will always have lifetime support . Should your circumstances change and you must rehome your dog it is a condition of the adoption that you contact us in the first instance for information on how we can help .
